WALTER H. WOOD, MAYOR

Fifty-third Annual Report
OF THE
CITY OF ROCHESTER
NEW HAMPSHIRE

For the Year Ending December 31st
Nineteen Hundred and Forty-four

THE RECORD PRESS
Printers
ROCHESTER, N. H.

INAUGURAL ADDRESS

by Mayor Walter H. Wood

Gentlemen of the Council:

A door has been opened for us to possibilities for unusually great and effectual service.

For two years our country has been engaged in the greatest war in history. During this period we, who have been entrusted with the conduct of the affairs of the City of Rochester, have endeavored to select a course and follow a policy which would be most helpful to our nation in these trying times. We have believed that in this time of war that the common good could best be served by a program of economy; an economy of materials, of money, and of manpower, doing only what is necessary for the maintenance of the services we already have, and postponing until after the war, extensions of these services and desired new projects.

The people of Rochester have approved of our efforts and supported us in our endeavors. *They* know the needs of the times and they are doing their part:

They are giving of their time for the various phases of Civilian Defense, the several services carried on by the Red Cross, and in many other activities made necessary by the dislocations brought about by the war. Many unaccustomed to manual labor are working in factories at all hours of the day and night,

They have saved metals, papers, rags, tin cans and fats.

They have contributed their money to varied war relief agencies.

They have been generous in their purchases of War Bonds.

They have given their sons and daughters, husbands, brothers, sisters and sweethearts.

They and theirs share in the sufferings of the world.

They give their portions of sweat, blood and tears.

They have made the sacrifices they have been called upon to make.

Gentlemen, we here on this platform are, and are proud to be, a group of these people. We have the honor to represent them in their City Government. It is manifestly our duty, as well as our privilege, to conduct ourselves with the same sacrificial spirit and zeal which they display.

The young men now battling for us in the far corners of the world have this spirit, zeal and courage in highest degree, and where did they get it? It was instilled in them in the homes, the schools, the churches of Rochester, and in the homes, schools and churches of cities and towns all over our nation. It is the spirit of America, whether we serve at home or abroad, whether in the household, in industry, on the farm; or at the battlefield, on the sea, in the air, or in the jungle.

Our young men at the front have made sacrifices far greater than we at home are called upon to make. They encounter dangers and hardships that we cannot even comprehend. They are subjected to bombings and gun-fire. They suffer discomforts in snow and rain, frigid climate and tropical heat, on frozen ground and in mud, vermin and insects, many times without regular meals, and for *what* do they undergo these—for *what* are they fighting?

Not for some high sounding principle, but just to get the job done and come home—home to be an individual again, to be independent, to make a living for themselves and their families, to be useful in the community; not to be a problem.

They have had enough of regimentation. They have seen enough of the results of the totalitarian and collectivist systems. They want now to be individuals. They want the opportunity to direct their own lives. They want to live in a community where the opportunity for the advancement of any individual is limited only by the limits of his own native ability, his own industry and energy. May we plan and conduct the affairs of this City so that such opportunity will be found here.

The greatest assets of any nation or community are not their material wealth and resources, but their people. Our young soldiers, when they return, will be the strength of our community. They are young, strong, ambitious. We need them. We need their resourcefulness, their enterprise, but there will be a transition period when they will need our help to get re-established in the life and work of the community. There may be, also, some who are not physically whole, and they will need our help more than the others.

These young men of ours, whom we so sadly sent away, will be welcomed home again, but we must do more than welcome them. They must be made to feel and to know that they are needed here, and not one of them must be allowed to feel that he has become a problem or a burden to his community. The only way that this can be done is to have work—opportunities for jobs awaiting them—so that they will be enabled to do worthwhile things as soon after they return as they are ready to undertake them. Now this is not going to just happen. It must be planned for.

Perhaps much of the preparatory work can be done by volunteer citizens, but they will need your interest, your backing. It is to be hoped that every industry, every employer, will reinstate those who have left their employ to enter the service of

their country. It is hoped that surveys can be made to determine new opportunities for employment, and even after all this planning, no doubt it will still be necessary to find some more jobs, at least to tide over to full peacetime production.

Our Public Works Program, carefully planned to meet the needs of the community, rather than just to make jobs, should solve this problem.

We now step over the threshold of the open door to a new year. Nineteen forty-four will be a year of great possibilities and grave problems. The same conditions still exist that have dictated our policies during the past two years, but we now look forward to the end of the war—to victory.

The victorious termination of the war will end some of our present problems. Some of them will continue into the post-war period. Other and various new problems will be raised. Many of these problems will be national and international in scope, and many will be of vital concern to Americans in their local communities.

The way in which these several communities in the nation handle these local problems will determine the seriousness and magnitude of many of the problems which may face the nation. It is a tremendous burden that America must carry as an aftermath of this period of destruction. As we cooperate with our nation in the war, so must we cooperate with our nation in the peace, and this can best be done by our acceptance of all the duties and responsibilities which go hand in hand with the rights and privileges of self-government. Our greatest contribution will be to solve our own problems, to carry our own load, and not to add to the burden of our national government.

Besides continuing our cooperative efforts in the present emergency, it seems wise that we should now plan as definitely as possible for the post-war era. Expansions of our public services are desirable and necessary, soon after wartime restrictions are lifted. Some surveys for these service extensions have already been made by our Planning Board, and these projects have been included in the Capital Budget program drawn up by this Board. The Planning Board can be of further help, I believe, in conducting investigations and surveys, and in the development of plans relative to any projects the Council may refer to them, and I recommend that you avail yourselves of their services at every opportunity.

I recommend for the consideration of the several Public Works committees, the making of rather definite plans for proposed, needed projects, so that there may be no delay in starting work on them when the proper time comes. Our community must be ready.

A nation is but the sum total of its many communities, its many towns and cities, such as ours. It is our opportunity and responsibility to make of this City the ideal community where each citizen will have the right and the opportunity to provide

for his own welfare and happiness, and where all will cooperate for the common good.

We can do this if we hold fast and zealously guard the principles of individual liberty and human rights, which are the American way of life and which are our heritage from the founders of this nation.

We lay no claim to being a master race. It is our good fortune that the principles on which our nation was founded were laid down by men of rugged, sturdy character—men whose experience had shown them the oppression, the suffering, the lack of individual opportunity under totalitarian systems of government.

These men, from the lessons of their own experience and from lessons drawn from the experience and failures of others in attempts at free government in other lands, with great wisdom and with the help of Almighty God, wrought for us a form of government which sought to provide individual liberty and equality of opportunity for all; and they wrought, also, a constitution to guarantee the continuance of the principles upon which this government was founded. They wrought well, and though perfection has not been attained, though there is still much to be achieved, their efforts were crowned with success so far beyond what has ever been achieved elsewhere in the world, that there is no comparison.

Under this government of the people, there has been continued development of their love of freedom, of the desire to provide greater opportunity for the individual, of a spirit of independence and self-reliance, a spirit of good will and cooperation toward other men. It is because our people have these qualities and spirit in such large degree that I am so proud to be an American, a citizen of the State of New Hampshire, and of the City of Rochester.

CITY GOVERNMENT

AS ORGANIZED JANUARY 1, 1944

Mayor, WALTER H. WOOD

COUNCILMEN

Ward One—Merle T. Wentworth, Jesse C. Simonds, Ralph C. Sinclair.

Ward Two—John H. Clow, Freeman V. Parshley, Maurice A. Jones.

Ward Three—John J. Hurley, Arthur E. Cassidy, George A. Lachapelle.

Ward Four—Thomas J. Sylvain, George J. Potvin, Donald Sylvain.

IMPORTANT RESOLUTIONS AND ORDERS

Passed by the City Council, 1944

RESOLUTION ON SPECIAL POLICEMEN EXTENDING TERM ONE MONTH FOR INVESTIGATION

Be it resolved by the Mayor and City Council of the City of Rochester: That the term of the 1943 Special Police Officers be extended for one month, and that the names of the Special Police appointed at this meeting be referred to the Police Committee for investigation and to report back at the next regular Council Meeting.

Passed January 5, 1944.

RESOLUTION TO BORROW MONEY IN ANTICIPATION OF TAXES

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be authorized to hire in anticipation of taxes a sum not exceeding two hundred and fifty thousand dollars (\$250,000.00). Said sum to be hired on notes of the City at such time as the best interest of the City require.

Passed January 5, 1944.

RESOLUTION TO REAPPOINT THE 1943 HONOR ROLL COMMITTEE

Be it resolved by the Mayor and City Council of the City of Rochester: That the Honor Roll Committee appointed by the Mayor in 1943, consisting of Councilmen Lyons, Jones and Potvin, be, and hereby is, reappointed to have charge of any additions or revisions to the Honor Roll that may be necessary this year.

Passed January 5, 1944.

RESOLUTION TO REAPPOINT THE 1943 COMMITTEE ON SPECIAL ORDINANCE REVISION

Be it resolved by the Mayor and City Council of the City of Rochester: That the Special Ordinance Revision Committee appointed in 1943, consisting of the Members of the Legal Affairs

and Printing Committees, and whose work is not yet completed, be, and hereby is, reappointed this year to complete the work assigned to it.

Passed January 5, 1944.

AMENDMENT TO REGULATIONS FOR COLLECTION OF GARBAGE

Be it resolved by the Mayor and City Council of the City of Rochester: That the Regulations for the Collection of Garbage, Refuse and Other Waste Material be amended by inserting the following: Garbage, refuse and other waste material shall not be construed to include garden waste, brush, leaves, grass or building materials.

Passed February 1, 1944.

RESOLUTION ON BID FOR RUBBISH FOR THE YEAR 1944

Be it resolved by the Mayor and City Council of the City of Rochester: That, whereas, the contract for the collection of garbage in the City of Rochester expires February 15th, the matter of advertising for bids and the awarding of a contract for garbage collection for 1944 be referred to the Committee on Roads, Bridges and Drains with power to act.

Passed February 1, 1944.

RESOLUTION THAT A RESERVE FUND BE ESTABLISHED

Be it resolved by the Mayor and City Council of the City of Rochester: That a Reserve Fund of \$82,723.33 be established to be used for the payment of the principal of the Municipal Funded Debt, exclusive of the Water Debt; and

That the sum mentioned shall be transferred as of January 1, 1944, to this Reserve Fund from the Revenue Surplus Account; provided, however, that nothing in this resolution shall prohibit the temporary use of monies in this Fund in anticipation of taxes.

Passed February 1, 1944.

RESOLUTION FOR THE CLOSING OF SPECIAL ACCOUNTS

Be it resolved by the Mayor and City Council of the City of Rochester: That the following Special Accounts be closed, and that the balance remaining in them be transferred to the Revenue Surplus Account: Water and Sewer Investigations Account with a balance of \$724.11; Fire Department Special Account with a

balance of \$793.00; Police Department Special Account with a balance of \$374.74, making a total to be transferred from these accounts to the Revenue Surplus Account of \$1,891.85.

Passed February 1, 1944.

RESOLUTION THAT PAYROLL DEDUCTIONS BE MADE IF AUTHORIZED FOR BLUE CROSS

Be it resolved by the Mayor and City Council of the City of Rochester: That the City Treasurer be, and hereby is, authorized to make deductions from the payroll for the Blue Cross Hospitalization Service, when authorized to do so by employees of the City.

Passed February 1, 1944.

RESOLUTION TO REAPPOINT THE 1943 COMMITTEE FOR BETTER SKATING FACILITIES AT GONIC

Be it resolved by the Mayor and City Council of the City of Rochester: That the Committee appointed in 1943 to work with the Schoolhouses and Grounds Committee of the School Board to provide more adequate skating facilities at Gonic, which Committee consisted of Arthur Cassidy, Ralph Sinclair, and Thomas Sylvain, be reappointed and be given power to provide the proposed additional skating facilities in Gonic, which they were unable to do this winter.

Passed February 1, 1944.

RESOLUTION ON AUTHORIZATION OF PAY TO NELSON S. HATCH

Be it resolved by the Mayor and City Council of the City of Rochester: Whereas, Patrolman Nelson Hatch has served as a regular member of the Police Force of the City of Rochester for thirteen years, and

Whereas, this is not long enough for him to be entitled to disability benefits under the Police Retirement Act,

Whereas, he has been ill and unable to perform his duties as a Patrolman for six weeks, and

Whereas, out of consideration for his long service the Police Committee, expecting his early return, authorized the payment of his full salary,

Be it resolved by the Mayor and City Council of the City of Rochester: That the action of the Committee in authorizing salary payments during the period of his illness from December 19, 1943, to February 1, 1944, be and hereby is, approved.

Passed February 1, 1944.

RESOLUTION FOR HALF PAY TO NELSON S. HATCH FROM FEBRUARY 1, TO MARCH COUNCIL MEETING

Be it resolved by the Mayor and City Council of the City of Rochester: That Patrolman Hatch be granted half pay from February 1 to the end of his period of disability, which is to be determined by the Police Committee, provided, however, that the payment shall not be authorized at this time beyond the time of the March Council meeting.

Passed February 1, 1944.

RESOLUTION GRANTING TAXI LICENSE TO DONALD G. DAVIS

Be it resolved by the Mayor and City Council of the City of Rochester: That the action of the Police Committee in granting a taxi license to Donald G. Davis be, and hereby is, approved and confirmed.

Passed March 7, 1944.

RESOLUTION GRANTING PAY FOR TIME WORKED ON HOLIDAYS TO EMPLOYEES OF THE WATER, SEWER AND HIGHWAY DEPARTMENTS

Whereas, employees of the Water and Sewer and Highway Departments have been granted pay for holidays by the Council, and

Whereas, some employees are occasionally required to perform certain service and emergency work on holidays for their regular pay, and

Whereas, the other employees do not work on holidays and also receive regular pay,

Be it resolved by the Mayor and City Council of the City of Rochester: That in addition to the regular pay for holidays, employees who may be required to work on holidays shall receive additional pay for the time worked.

To be retroactive to January 1, 1944.

Passed March 7, 1944.

RESOLUTION ON PUBLIC HEARING ON THE 1944 BUDGET

Be it resolved by the Mayor and City Council of the City of Rochester: That, as required by a state law, passed in 1943, a public hearing on the City Budget shall be held

..... date
....., and that the City Clerk be, and
place hereby is, instructed to publish a
notice of said hearing, at least one week in advance of said hearing; and post notices in two public places, together with a sum-

mary of the Budget as submitted, at least one week in advance of said hearing. (Hearing was held April 17, 1944.)

Passed April 4, 1944.

RESOLUTION AUTHORIZING PAYMENT OF CHAUFFEURS' LICENSES

Whereas, state driving licenses have regularly been provided by the City for drivers of City owned motor vehicles and

Whereas, some Councilmen consider that the Council rather than the respective Committees of the several Departments, should determine such policy,

Be it resolved by the Mayor and City Council of the City of Rochester: That the cost of driving licenses, required by the state, for drivers regularly employed to drive City-owned motor vehicles be paid from funds budgeted for the use of the respective departments.

Passed May 2, 1944.

RESOLUTION FOR PUBLIC HEARING ON THE 1944 BUDGET

Be it resolved by the Mayor and City Council of the City of Rochester: That a public hearing be held Thursday, June 15, at 7:30 P. M., at the City Hall Auditorium, on the proposed new Budget and

That final action on the 1944 Budget be deferred to a special meeting to be called at the close of the public hearing on June 15.

Passed June 6, 1944.

RESOLUTION TO PETITION FOR ADMINISTRATION OF JOHN COLLINS' PROPERTY

Be it resolved by the Mayor and City Council of the City of Rochester: That the Mayor be and is hereby empowered to petition the Probate Court of Strafford County for administration to be had on the Estate of John Collins late of said Rochester deceased so as to enable it to secure payment for monies paid out for John Collins' benefit and for his support.

Passed June 6, 1944.

RESOLUTION TO GRADE AND SEED AREA IN FRONT OF THE HOLY ROSARY CEMETERY ON BROCK STREET

Be it resolved by the Mayor and City Council of the City of Rochester: That the Committee on Roads, Bridges and Drains be instructed to grade and seed that area in front of the Holy

Rosary Cemetery which lies between the old and new surfaced sections of Brock Street when the surfacing of the new section is completed.

Passed July 5, 1944.

AMENDMENT RELATIVE TO PARKING ON
BRIDGE STREET

Be it ordained by the Mayor and City Council of the City of Rochester: That the clause relative to parking on Bridge Street in Section 6 of Chapter XIV be amended by striking out the words "the bridge" and substituting therefor "River Street" so that said clause shall read "southerly side of Bridge Street between River Street and North Main Street."

Passed July 5, 1944.

RESOLUTION ALLOWING NELSON S. HATCH \$30.00 PER
MONTH FROM MARCH 1 TO END OF FISCAL YEAR

Whereas, Patrolman Nelson Hatch has been ill for several months and under heavy financial obligation for medical and hospital services, and

Whereas, his thirteen years of service on the Rochester Police Force is not sufficient to entitle him to receive disability benefits under the Police Retirement act,

Be it resolved by the Mayor and City Council of the City of Rochester: That in consideration of his long service he be paid from the Police Appropriation the sum of \$30.00 a month from March 1st to the end of the present fiscal year.

Passed August 1, 1944.

RESOLUTION TO ALLOW OFFICERS WARBURTON,
MASSEY AND WARD SAME CONSIDERATION AS
REGULARLY ELECTED PATROLMEN

Whereas, three men, Harvey Warburton, Ambrose Massey, and Jasper Ward, are now employed full time as Patrolmen but have not been elected to these positions because they are taking the places of Patrolmen Furbush and Hayes, who are now on leave from the Police Department and are serving in the Armed Forces of our country, and Patrolman Hatch, who is temporarily off active duty on sick leave,

Be it resolved by the Mayor and City Council of the City of Rochester: That officers Warburton, Massey, and Ward be each granted the same consideration as regularly elected Patrolmen, as to pay, uniform and equipment purchases, and vacations, during the term they are substituting for the above named Patrolmen, while they are absent on leave.

Passed August 1, 1944.

RESOLUTION ON SCHEDULE OF PAY FOR WATER AND SEWER DEPARTMENT EMPLOYEES

Be it resolved by the Mayor and City Council of the City of Rochester: That the pay schedule for employees of the Water and Sewer Departments be revised by establishing minimum and maximum rates within which limits the pay rate for each employee shall be determined according to experience and ability by the Superintendent and the Committee on Water Works and Sewers.

For laborers—

minimum rate \$.63 per hour
maximum rate \$.686 per hour

For servicemen—

minimum rate \$.686 per hour
maximum rate \$.737 per hour

Passed August 1, 1944.

RESOLUTION ON SCHEDULE OF PAY FOR HIGHWAY EMPLOYEES

Be it resolved by the Mayor and City Council of the City of Rochester: That the pay schedule for employees of the Highway Department be revised by establishing minimum and maximum rates within which limits the pay rate for each employee shall be determined, according to experience and ability by the Superintendent and the Committee on Roads, Bridges and Drains.

For laborers—

minimum rate \$.63 per hour
maximum rate \$.686 per hour

For truck drivers—

minimum rate \$.686 per hour
maximum rate \$.737 per hour

For grader operator

minimum rate \$.80 per hour
maximum rate \$.90 per hour

For shovel operator

minimum rate \$.85 per hour
maximum rate \$.952 per hour

Passed August 1, 1944.

RESOLUTION TO TRANSFER BALANCES TO DEPARTMENTS WHERE THERE ARE DEFICITS

Be it resolved by the Mayor and City Council of the City of Rochester: That if found necessary in closing the accounts of the year to transfer from a Department where there is a balance to a Department where there is a deficit, the Committee on Finance be authorized to make such transfer.

Passed December 7, 1944.

RESOLUTION RELATIVE TO OFFICER
ERNEST E. HORNE

Whereas, Special Officer Ernest E. Horne is now employed full time as Patrolman but has not been elected to this position because he is taking the place of Patrolman Nickerson, who is now on leave from the Police Department and serving in the armed forces of our country,

Be it resolved by the Mayor and City Council of the City of Rochester: That Officer Horne be granted, from this date, the same consideration as regularly elected Patrolmen, as to pay, uniform and equipment purchases and vacation, during the term he is substituting for the above named Patrolman while he is absent on leave.

Passed December 7, 1944.

RESOLUTION TO HOLD SPECIAL ELECTION IN
WARD SIX

Whereas, a vacancy in the membership of the City Council of Rochester is occasioned by the resignation of one of its members, Frank C. Warren, now, therefore, there is a necessity for the holding of an election to fill the vacancy.

Be it resolved by the Mayor and City Council of the City of Rochester: That an election be had in Ward 6 of the City of Rochester for the purpose of electing a Councilman to fill the vacancy occasioned by the resignation of Frank C. Warren. This election to be held on December 27, 1944.

Passed December 7, 1944.

FINANCIAL STATEMENT

To the Honorable Mayor and City Council, Rochester, N. H.:

Gentlemen:

I am pleased to present for your consideration a report of the financial condition of the City of Rochester at the close of business December 31, 1944. The details of the report are shown in the accompanying Exhibits and Schedules as listed in the following index.

The Funded Debt shows a decrease of \$23,500.00 which is accounted for by the payment of the following:

Public Improvement Notes	\$2,000 00	
Sewer and Water Construction Notes	1,000 00	
Highway Construction and Equipment		
Notes	5,000 00	
Public Library Notes	5,000 00	
City Hall Notes	2,500 00	
Water Construction Notes	8,000 00	
		<u>\$23,500 00</u>

No new indebtedness has been created during the year.

The Funded Debt as of January 1, 1945, is \$108,893.32, divided as follows:

Water Debt (Payable from Water Revenue)	\$41,669 99	
Municipal Debt (Payable from Reserve for Re-		
tirement of Funded Debt)	67,223 33	
		<u>\$108,893 32</u>

The Budget Operations for the year show a deficit of \$8,895.85, as follows:

Deficit of Revenues over Estimates	\$594 20	
Deficit of Charges over Appropriations	8,301 65	
		<u>\$8,895 85</u>

The appropriation Deficit is due to the extraordinary and unforeseen expenses it was necessary to incur in connection with the Gonic and Bridge Street Bridges.

The general form of the report is the same as in previous reports, and is as follows:

First: The Report of the General Municipal and Budget Accounts.

Second: The Report of the Trustees of Trust Funds.

Third: The Report of the Water Works in the form prescribed by the Public Service Commission of the State of New Hampshire.

I believe the accompanying exhibits and supporting schedules reflect fairly the financial condition of the City of Rochester as of December 31, 1944.

Respectfully submitted,

J. STACY TRIPP,
City Accountant.

REPORT OF SUPERINTENDENT OF WATER WORKS

For the Year Ending December 31, 1944

To the Committee on Water Works:

Gentlemen:

The fifty-third annual report of the Water Department is herewith submitted.

The source of supply during the year: Reservoir.

Water Main Extension

Six-inch main extension on Wakefield Street petitioned for Freezer Plant. Main extended two hundred feet. Work was suspended until spring as the ground was frozen too deep to continue operations at any reasonable costs.

Small Service Main Extensions

One-inch main off Hancock Street extended 85 feet.

Three-quarter-inch main State Street extended 74 feet.

Small Service Mains Relaid

One-inch main relaid, Felker Street, Gonic, 150 feet.

One-inch main relaid, Nutter Court, 171 feet.

Service Department

New services laid in 1944	20
Services to date	2,660
Services relaid in 1944	34
Services turned on	58
Services shut off	44
Service leaks repaired	9
Main leaks repaired	5
Service corporations changed	1
Services thawed in Rochester	11
Services thawed in Northwood	6
Services thawed in Wolfeboro	4
Six-inch main thawed in Wolfeboro	1
Services thawed in Barrington	1
Services thawed in Milton Mills	2
Services thawed in Union	1
Services thawed in East Wakefield	1
Services thawed in Rollinsford	1
Services thawed in Alton	1
Services thawed in Somersworth	2
Services thawed in Sanbornville	1
Services thawed in Berwick, Maine	1
Services thawed in East Lebanon, Maine	1
Services thawed at gas plant	1
Cellars pumped out	18
Wells pumped out	3
No new hydrants set during the year.	
Total number of hydrants	306

Rochester	225	
East Rochester	43	
Gonic	32	
South Lebanon, Maine	6	
Hydrants repaired		3

All hydrants were inspected during the year and necessary repairs made. Wet hydrants were treated during winter to prevent freezing, also snow was cleared from hydrants after each storm.

Meter Department

New meters set in 1944	13
Meters in use in 1944	2,422
Meters removed in 1944	141
Meters reset in 1944	149

New chlorinator completed with chlorine control equipment installed. The plant was placed in service on June 2, 1944.

General Maintenance

All F. M. check valves on mills were inspected twice during the year.

Regular inspections of the water supply were made to keep water storage system in the best possible condition at all times.

Samples of water from the supply were sent monthly to the State Laboratory of Hygiene for analysis. Their reports on the quality of water have been very satisfactory.

The gate house at Tufts' Pond was repaired by building a new roof. Also the roof of Reservoir gate house was repaired.

Respectfully submitted,

GEORGE D. DAME,
Superintendent.

REPORT OF SUPERINTENDENT OF SEWERS

For the Year Ending December 31, 1944

To the Committee on Sewers:

Gentlemen: The annual report of the Sewer Department is herewith submitted.

Number of permits given to do plumbing	9
Number of new connections in 1944	16
Number of connections to date	2,292
Number of connections cleaned in 1944	81
No main extensions made in 1944.	
Several mains flushed and cleaned.	
Thawed one private sewer.	
Cleaned one private sewer.	
Repaired one private sewer.	
Cleaned two septic tanks.	

Respectfully submitted,

GEORGE D. DAME,
Superintendent.

REPORT OF CITY MARSHAL

To the Honorable Mayor and City Council, Rochester, N. H.:

Gentlemen: I herewith submit for your approval the activities of this department for the year ending December 31, 1944.

I would like to take this opportunity to express my appreciation for the cooperation of the Mayor and City Council during the past year.

WALTER C. LAGOTTE,
Clerk.

This is to certify that I have examined the accounts of Walter C. Lagotte, Clerk of the Municipal Court of Rochester, for the year ending December 31, 1944, and I find them as set forth in the above statement with all payments to the Treasurer and otherwise properly receipted for, together with a cash balance on hand of \$22.42, and checking account balance of \$37.62.

GARDNER S. HALL,
Justice.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Mayor and City Council, Rochester, N. H.:

Gentlemen: I herewith submit my report for the year ending December 31, 1944.

I have inspected scales at stores, grain mills, shoe shops, laundries, junk yards, Boston & Maine freight, baggage and express office scales. Also inspected scales of coal dealers, farmers, ice dealers, motor express scales, scales at the three woolen mills and the hospital.

I have inspected all gasoline pumps, liquid measures and measured wood dealers' trucks.

I also reinspected pumps and scales when called upon.

Respectfully submitted,

JAMES B. CALLAHAN,
Sealer of Weights and Measures.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

To the Honorable Mayor and City Council of the City of Rochester:

Gentlemen: I herewith submit my annual report for the year ending December 31, 1944:

There were 223 alarms in the City proper of which there were 16 box alarms, 202 still alarms, 5 engineer's calls, 54 brush fires, 12 car fires, 18 out of town calls, East Rochester having 22 calls and Gonic having 40 calls. This makes a total of 285 calls for the year 1944.

The estimated value of the building damage by fire this year:

Value of buildings	\$252,475.00
Insurance on same	279,825.00
Losses paid	142,639.45
Value of contents	507,488.00
Insurance on same	489,077.50
Losses paid	450,686.85

At this time I wish to express my appreciation to His Honor, the Mayor, members of the City Council, Committee on Fire Department, members of the Board of Deputies, and members of the Department. I also wish to express my appreciation to the Police Department for the use of their radio, and to all persons who have rendered us help throughout the year.

Respectfully submitted,

GORDON G. CUSHING,
Chief Engineer.

REPORT OF BOARD OF HEALTH

To the Honorable Mayor and City Council of the City of Rochester:

We hereby submit our report for the year ending December 31, 1944.

February 7, 1944

Mrs. Fred P. Meader
Rochester, New Hampshire

My dear Mrs. Meader,

At the last meeting of the Trustees of the Public Library, it was voted that the Secretary of the Board, and the Librarian be instructed to convey to you and your family our sincere sympathy for the loss you have sustained in the passing of your husband and father.

While words are only a weak tribute at such a time as this, they seem to be the only medium for expressing our grief in the passing of such a man and citizen as Mr. Meader.

We sympathize with you truly. Your loss is our loss, your loss is the loss, too, of the entire community. His life in Rochester for a half century has been, and will continue to be, an inspiration to all who have known him.

His service for nearly forty years as a Trustee of the Public Library; his constant attendance at the meetings; his devotion to its welfare; are all held in loving remembrance by all trustees who have served with him and by the entire library staff.

Very sincerely yours,

J. STACY TRIPP,
Secretary of the Trustees.

LILLIAN E. PARSHLEY,
Librarian.

Copy of the resolutions forwarded to Mrs. Meader by vote of the Board of Trustees.

To the Honorable Mayor and City Council:

Gentlemen: At a meeting of the trustees of the Rochester Public Library, December 29, 1944, it was voted that the reports of the secretary, librarian and treasurer be presented to the city council as the annual report of the trustees for the year 1944.

J. STACY TRIPP,
Secretary.

REPORT OF LIBRARIAN

To the Board of Trustees of the Rochester Public Library:

Gentlemen: Again we make an attempt to meet the requirements of the City Council by offering a report of the growth and use of the library during the year 1944; and again I would call attention to the tables of statistics and the financial statements as they give a more definite idea of the work of the year as well as the bookkeeping involved.

The stark realism and vulgarity of the books which are talked about so much and which so many of our readers feel that they must read to keep abreast of the times offends many of the readers and they ask for the wholesome, lighter stories which rest and restore their ideals.

The attempt has been made to please all classes of readers. Non-fiction with its interesting biographies often humorously written, books touching on every phase of the war, the countries involved, books on social problems, interspersed with a few religious and philosophical works, scientific and mechanical books and books on sports and arts and crafts have been added.

The interest from the different funds has made it possible to buy a few very desirable sets of books helpful in the reference work. The interest of the John Hanscam Fund enabled the library to take advantage of the fine offer of the Yale University Press and purchase many choice books which it could not otherwise have afforded.

After deducting the books discarded because past use or destroyed by careless handling the net gain for the year including gifts and bound magazines is nine hundred and fifty-seven. The number of accessioned volumes in the library at this date is 40,337.

A book to be truly a part of the library has to have its full history, including number, author, title, place published, publisher, date, number of pages, size, material of binding, where purchased and price all written on one line in the accession book. We are at present using the tenth accession book. Each book has chance for 5,000 entries.

What is the use of all these books? "Why not discard the older books?" is often asked. You cannot build a library by throwing books away. Discarding has to be done with much care. Several times strangers in search of a book tell us that they have looked in many cities and towns and were pleased to find it in our library. One of our very good readers was searching for a book by one of the early writers and we were able to loan him a copy dated previous to 1800.

As you look at the library from the outside you may wonder if the outlay of money is appreciated. Those of us on the in-

side know that it is. When one sees the delight expressed by those who find a book which they know they will like; the interested faces of the students in the reference room; the interest shown in the magazines in the reading room all dressed up in their new binders and the enthusiasm of the children as they rush into the children's room to look over and select one of those new books or see a mechanic or builder, an artisan in some craft, a housewife with her many problems, or the woman who is building up a paying farm industry from the books she finds in the library you will know that the library pays.

What if the circulation has dropped again this year? How can it be otherwise with our young men at war, men and women working for defense and the busy housewife using all the strength she has to provide food for the family? Then think of those who have been obliged to leave their cards because of their distance from the library.

For our encouragement we often think of the year we gave out over 100,000 books in a single year and sympathize with the other libraries who are having the same experience.

We often wonder why the teachers of today do not use the library more. Show their pupils the use which can be made of the reference books and make lists of the very delightful books which are being published for children. Only one hundred and one were given out to teachers for school work during the last year.

Much attention has been paid to the needs of the older boys and girls. Many of their new books are attractively instructive and beautifully illustrated and some of them are the choice of Miss Bates of the H. R. Hunting Company, who never recommends a book which she has not read.

The children's room is a busy place at times and their wants are looked after with patience and interest, for we are building a race of readers. One student of child psychology tells us that there is a noticeable difference shown in the intelligence tests between the children who read and those who do not.

The branch libraries have been carried on with the same zeal and interest as heretofore. At Gonic Mrs. Meader's great demand is from the children. Miss Steadman at East Rochester has had the ban lifted whereby children under twelve could not have a library card. A rule which prevailed at the main library for several of its early years.

There have been many gifts from interested patrons. In addition to the gift of \$12.00 given by the Rochester Woman's Club toward the subscription of the New York *Times* and the *Fortune* Magazine, a gift from the Harmonie Club, there have been subscriptions to forty-two magazines and papers, several maps, a framed historical picture, a stereoscope and thirty-one views, a facsimile copy of the valuable little Horn Book, a sporran, a valuable part of the Scottish costume, and a copy of the original poem, "Soldier's Thoughts," by Paul Roberts, who is now located somewhere in the Pacific area, and flowers through-

out the summer to brighten the library. We thank the donors of these many gifts.

In spite of the many misadventures of the year, accidents, sickness, vacations, the work of the library has gone on without interruption, the necessary routine carried out sometimes with a limited staff. Each assistant is responsible for certain parts of the work yet is always ready to help the others whenever necessary. It is this splendid cooperation which makes the work go on smoothly and without friction.

Books have been purchased, catalogued and made ready for circulation. They go out and come back, sometimes soiled or torn, injured by dogs, cats or mischievous children. These have to be repaired before they can go out again. That often means sandpapering, washed by our own special process and the torn places mended as inconspicuously as possible in order to keep up our reputation of having the cleanest books in New England as one of our salesmen tells us. Sixteen thousand three hundred and forty books have been mended this year.

It is said that a chain is only as strong as its weakest link. There are no weak links in our library chain. I do fully appreciate the splendid work of each member of the staff.

I would at this time express my sincere appreciation for their helpfulness and cooperation and also thank the trustees for their support and advice.

Respectfully submitted,

LILLIAN E. PARSHLEY,

Librarian.

December 29, 1944.

STATISTICS FOR 1944

F. E. HUSSEY,
Treasurer.

I have examined the receipts and expenditures of the financial reports of the librarian, Lillian E. Parshley, and the treasurer, Frank E. Hussey. I find them correctly cast and properly vouched.

J. STACY TRIPP,
Secretary of the Board of Trustees.

Rochester, N. H., December 29, 1944.

Annual Report of the
SCHOOL BOARD OF THE CITY OF
ROCHESTER

For the Year Ending December 31, 1944

School Board—City of Rochester

As Organized for 1944

Chairman, HON. WALTER H. WOOD

Ward One—Harvey E. Warburton, Joseph P. Herne.

Ward Two—Joseph P. Otis*, John McDuffee.

Ward Three—Sumner W. Watson, Alfred J. Ruel

Ward Four—Berthold Perreault, Leo E. Beaudoin.

Ward Five—Victor Cardosi, Robert D. Marsh.

Ward Six—Norman J. Raitt, Charles P. Daley.

STANDING COMMITTEES, 1944

Finance—Mayor, McDuffee, Perreault.

Teachers and Salaries—Daley, McDuffee, Cardosi, Herne, Beaudoin.

Studies, Textbooks and Supplies—Otis*, Daley, Watson.

Schoolhouses and Grounds—Marsh, Warburton, Raitt.

Transportation—Herne, Marsh, Ruel.

Vocational Training—Warburton, Otis*, Cardosi.

School Board—City of Rochester

As Organized for 1945

Chairman, HON. C. WESLEY LYONS

Ward One—Joseph P. Herne, Ralph H. Harrison.

Ward Two—John McDuffee, A. Clifford Mortimer

Ward Three—Alfred J. Ruel, Sumner W. Watson.

Ward Four—Leo E. Beaudoin, Richard Larochelle.

Ward Five—Robert D. Marsh, Victor Cardosi.

Ward Six—Charles P. Daley, Norman J. Raitt.

* A. Clifford Mortimer was elected June 8 by the School Board to succeed Joseph P. Otis, deceased.

STANDING COMMITTEES, 1945

Finance—Mayor, McDuffee, Watson.

Teachers and Salaries—Daley, McDuffee, Cardosi, Herne, Beaudoin.

Studies, Textbooks and Supplies—Mortimer, Daley, Larochelle.

Schoolhouses and Grounds—Marsh, Raitt, Harrison.

Transportation—Herne, Marsh, Ruel.

Vocational Training—Cardosi, Mortimer, Harrison.

SUPERINTENDENT OF SCHOOLS AND
SECRETARY TO THE BOARD

HAROLD T. RAND

Office at City Building. Office Hours: 4:00 to 5:00 P. M.
on school days. Residence, 3 Brook Street.

SECRETARY TO THE SUPERINTENDENT OF SCHOOLS

MYRTLE L. CHENEY

Office Hours: 8:00 to 11:30 A. M., 1:00 to 5:00 P. M. on
school days.

ATTENDANCE OFFICER

C. EDWARD GOODWIN

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Rochester School Board:

I hereby submit my second annual report as Superintendent of the Rochester schools. In it I will attempt to cover, under their proper headings, matters which seem to me to be of general public interest and to give concrete evidence of the forward looking actions taken by you during 1945.

EDUCATIONAL POLICY

It is our immediate purpose in this wartime period to give every possible aid to the war effort. Evidence that the schools of Rochester have gone far toward achieving this purpose is found in the consistently fine records which have been made by the schools in the Salvage Drives, the War Loans, and the United Community Chest and War Fund campaign, the Milkweed Pod collection, and in the activities of the Junior and Senior Red Cross.

It is our long range purpose to prepare our young people for competent citizenship in a democracy. The achievement of this objective demands not only that we recognize our responsibilities in the teaching of subjects to children, but also that we recognize our broader challenge in the field of citizenship. This latter aim can be achieved, in my opinion, only through the actual extension of the practice of democracy throughout our system. It is a cumulative process which begins with a limited introduction to the rights and duties, privileges and responsibilities of citizenship in the early years of the child's school experience; it terminates in an almost complete assumption of these same in the later years of his school life.

We are soon to be faced with the challenge of meeting the problem of the returning veteran. Rightly he expects that opportunities will be made available for a continuance of school work interrupted by war, or the beginning of an educational program which will enable him to achieve his vocational objectives. I have every confidence that we shall be able to meet the challenge in so far as the provision of courses of instruction, instructors, facilities and materials of instruction is concerned. However, unless these young men and women have available to them a guidance service which will assure them of proper testing to determine their aptitudes and abilities, and the sound counsel and advice of a trained person familiar with the various occupational fields, I am fearful of the educational and economic waste which will result from such a lack.

A step in progress has been School Board action, taken during this year, in behalf of young men and women who left Spaulding High School to enter the armed services. All such

students may receive credit toward their diplomas for basic and special training and for courses taken in the Armed Forces Institute.

ADMINISTRATION

The administration of a school system in war time is fraught with the same difficulties that confront any business concern during a like period. Shortages of manpower and material are as acute in the field of education as in the field of industry. Even the most ordinary services are difficult to procure. We can take pride in the fact that we have so administered the Rochester schools that there has been very little loss of educational time from a lack of teachers, and none at all which may be attributed to a lack of materials of instruction.

SCHOOL PERSONNEL

Enrollments in the elementary schools and in Spaulding High School at the beginning of the 1944-45 school year showed a slight increase over those of the previous September. The conclusion that might be drawn, namely, that we are holding our pupils in school in spite of the lure of high wages is, unfortunately, erroneous. It is a fact that many of our older pupils are leaving school, some, unavoidably, for service in the armed forces, but many others to go to work. A sufficient number of additional pupils have entered the grades below those in which pupils become of draft or working age to account for the total increase.

Comparative enrollment statistics follow:

	1943	1944
High,	852	879
Allen,	143	147
School Street,	185	177
Maple Street,	170	181
Gonic,	118	112
East Rochester,	158	178
	<hr/> 1,626	<hr/> 1,674

The school census returns for 1944 follow:

Number children, 5-16, boys, 1,069; girls, 1,036; total,	2,105
Number children 5-16, not in school,	97
Number children 5-16 in school,	2,008
Number children registered in public schools 5-16,	1,452
Number children in parochial schools 5-16,	656

While the changes in the Rochester teaching staff were not as numerous in 1945 as in 1944 the number is typical of a war-time year. Five replacements were made at Spaulding High School and four in the elementary schools. Miss Ruth Brown was transferred from East Rochester, Grade 3, to School Street School, Grade 3, in January. One additional teacher was secured for junior high school science, and a temporary substitute was employed at East Rochester to assist in Grade 1 where overcrowded conditions existed. One position in the industrial arts

field at Spaulding High School has remained vacant during the present school year, the subjects being handled through a re-assignment of teachers.

A list of teachers who have left the Rochester system since January 1, 1944, and a list of their replacements follows:

Name	School	Concluded Duties	Subjects or Grade
Carrie C. Bartlett	School St.	Mar. 21	Grade 5
Herbert Boutelle	High	Summer vacation	
Florence Boutelle	High	Summer vacation	Auto and Elec. Shop
Armand Couturier	High	Summer vacation	Jr. High Sci.
Elizabeth Hale	High	Summer vacation	Physics
L. Russell Heath	High	Summer vacation	Librarian
Hilda Gerrish	Gonic	Summer vacation	History, Att. Officer
R. Phyllis Iovine		Sept. 1	Grades 5-6
Lawrence Gates	High	Nov. 27	Music Supervisor
			Dir. of Physical Ed.

Teachers who have entered the Rochester system:

Eva D. Johnson	Gonic	Jan. 3	Grade 3
Elizabeth D. Nixon	E. Roch.	Jan. 3	Grade 3
Helen G. MacLeod	School St.	Mar. 21	
Wilbur M. Fay	High	Sept. 5	Grade 5, Subst. Mar.-June
Beulah Chandler	High	Sept. 5	Elec. and Auto Shop
Geneva Penley	High	Sept. 5	Jr. High Science
Patricia Royal	High	Sept. 5	Librarian
Nedra Small	High	Sept. 5	Jr. High Science
Barbara Currier	Gonic	Sept. 5	History
Patricia Little	School St.	Sept. 5	Grades 5-6
Doris M. Johnson		Sept. 18	Grade 5
Theodore H. Ayer	High	Oct. 2	Music Supervisor
Margaret Davenport	E. Roch.	Nov. 13	Physics
			Grade 1 (temporary basis)

It is my hope that the revised salary schedule which became effective January 1, 1945, will make it possible for us to maintain a fairly stable teaching corps. We must, however, recognize the fact that although our position is quite favorable in our own state, we are still faced with the competition of other wealthier states for the services of teachers.

We have in our system a number of teachers who are approaching retirement age, and for whom the present teachers' retirement system of the state makes no adequate provision. It is our obligation to adopt some definite policy on teacher retirement, possibly in the form of supplemental compensation to that received under the state system, in order that these faithful public servants may look forward to a life of reasonable comfort when their teaching duties are ended.

The Spaulding High School cafeteria is operating with an almost entirely new staff, Mrs. Edna Dame being the only hold-

over from last year. Mrs. Gertrude McClintock, a trained dietitian and an experienced manager, is in charge of the cafeteria, assisted by Mrs. Dame, Mrs. Wilma Meader, Mrs. Cassie Richardson, and Mrs. Helen Coleman.

A night watchman, Mr. Walter King, has been added to the janitorial staff at Spaulding High School and Mr. Clifford Keay has been employed to fill the place of Mr. Harry Hoyt whose death occurred during the year.

CURRICULUM AND INSTRUCTION

The so-called "semester plan," an experiment in a different type of school organization begun two years ago at Spaulding High School, has been abandoned after a careful weighing of its merits, in favor of the more traditional plan of organization. The intensive physical training program for juniors and seniors only has been dropped in favor of an extensive program including all of the four high school grades. It is our feeling that better results in physical conditioning are obtained as a result of this change.

Provision has been made at Spaulding High School for the fundamentally important work of vocational, educational, and social guidance. A re-arrangement of subject assignments has made it possible for Miss Helen Foss, a trained guidance counselor, to devote approximately half of her time to the work. In providing guidance service for our high school youth we have made real educational progress.

The adoption of a new basic reading system, the Gray-Arbuthnot system, for use in the primary grades has filled a long standing need. The adoption was made after a careful study, by the Primary Teachers' Group, of the outstanding available reading systems. Two other important textbook needs have been filled by the adoption and purchase of new geography books for grades 5 and 6 and of chemistry texts for high school classes. In each case pupils have been given access to important new material.

During the year a definite effort has been made to increase the use of visual aids in instruction in Rochester schools. Each elementary school now has one room equipped with dark shades and a portable screen. A film strip projector has been purchased for use in all schools and the portable sound motion picture machine, used extensively at the high school, has been made available for use in the elementary schools. Considerable impetus has been given to the project by the Harvard-Boston University extension course in Visual Aids which is being conducted at Spaulding High School and in which a large number of Rochester teachers have enrolled.

The testing program in the Rochester schools includes standardized testing in the fields of intelligence and spelling, and informal testing in all other fields. In order to determine the calibre of the work being done by our pupils and teachers it is advisable that standardized tests in all fields of learning be given at reasonable intervals. While such tests are expensive,

the return in improved learning and teaching which results from their proper use more than justifies their cost.

In every school system, and that of Rochester is no exception, there is always a number of children to whose needs the usual work of the schools is not adapted. Year after year they "fail" in their school work, and are advanced from grade to grade on the basis of age rather than achievement. Being constantly subjected to failure they become "problem" children, at odds, not only with the school, but with society in general. The establishment of special classes in which work adapted to the abilities and needs of these children could be offered would represent a service of inestimable value to the children and to the community.

ADULT EDUCATION

Through a plan for cooperative action, adopted during the current year by the Rochester School Department and the Rochester Community Activities Association, the way was cleared for an extensive use of the Spaulding High School plant for adult education and recreation groups. Three such groups were organized during the first part of the 1944-1945 school year in photography, women's physical education, and typewriting. Adults in the community have not taken advantage of the opportunity to the extent that was anticipated and instructors have been difficult to procure. It is entirely reasonable to assume, however, that the future operation of the plan may result in a wide public use of the excellent facilities of the Spaulding High School plant.

HEALTH

The complete report of the school nurse, giving a detailed account of health measures taken in the schools, is appended to this report. Her activities and those of the school doctor are supplemented by the teaching of health habits and "Health" as a subject in the grades below the high school level and also by the physical education program at Spaulding High School.

Pupil health is further aided by the serving of low cost balanced meals at Spaulding High School and of hot lunches in certain of the elementary schools where it is feasible. Federal subsidies have been secured through the War Food Administration for the lunches served at Spaulding High School and in the elementary schools, and also for the milk which the elementary school children purchase at recess time.

A word of commendation should be given to our local dentists who have again this year conducted a Dental Clinic for under-privileged children.

THE PHYSICAL PLANT

Essential and rather extensive repairs and improvements have been made in the physical plant during the year. The most important project was the re-roofing and the refinishing of the interior of the East Rochester School. Other projects completed include the painting of the exterior woodwork and the gymnasium at the Maple Street School, the building of a new

supply room in the basement of Spaulding High School, and the re-lining of the fire box of one of the boilers in the same building, the installation of concrete aprons half-way around the buildings at the East Rochester School and at the Allen School, and the building of new porches at the East Rochester School.

It has been the policy of the Committee on Schoolhouses and Grounds to recommend only necessary repairs and improvements during this war-time period, but its members do not interpret this policy to mean that the physical plant shall be permitted to deteriorate.

TRANSPORTATION

Contracts for the transportation of elementary and junior high school pupils were re-written on a five-year basis effective as of the opening of school for the 1944-45 school year. Routes were carefully studied and fairly determined with an eye to the post-war period. During the war, because of restrictions imposed by the Office of Defense Transportation, no driver covers his entire contract route. Certain hardships result which must be classified as unavoidable and from which no relief can be expected until there is a decreased demand for tires and gasoline by essential industry and the armed forces.

FINANCE

We are in a period of mounting school costs, a fact which citizens who have followed the recent appropriations for education in Rochester are well aware. It must be recognized, however, that in education as well as in industry costs mount in a period of full employment and increased living costs. Higher salaries and wages must be paid to employees and higher prices must be paid for services and materials if the standard of the product is to be maintained at a normal level.

It is my feeling that the increases in the cost of education in Rochester are unavoidable if reasonable educational standards are to be maintained and that they are quite modest when compared with increases which have occurred in the state as a whole. Comparative figures on per pupil costs issued by the State Board of Education show that those costs increased from \$107.18 in the 1942-43 school year to \$113.69 in the 1943-44 school year, an increase of 4.2 percent. During the same period per pupil costs in Rochester increased from \$102.22 to \$103.91 or 1.6 percent. These figures are determined by dividing total expenditures by average membership and do not take into consideration district receipts which, in Rochester, amounted to \$16,113.91 in the 1942-43 school year and \$13,708.52 in the 1943-44 school year. With the foregoing amounts deducted, our actual per pupil costs were \$92.53, and \$95.46 respectively for the stated years. No state figures comparative to the latter are available.

While some further increases in educational costs can be anticipated, particularly as a result of the salary revision mentioned elsewhere in this report, it will be our continued endeavor to see that the return in educational product justifies the increased expenditures involved.

In closing this report I wish to commend the members of the Rochester School Board for the forward-looking attitude which they have exhibited in their approach to educational problems, and for the fine spirit of cooperation which they have evidenced at all times.

Respectfully submitted,

HAROLD T. RAND,
Superintendent of Schools.

REPORT OF HEADMASTER OF HIGH SCHOOL

February 2, 1945

Harold T. Rand, Superintendent
Rochester, New Hampshire

Dear Mr. Rand,

I submit my report as Headmaster of Spaulding High School.

ENROLLMENT

Our enrollment is slightly above that of last year as the following table illustrates.

	7	8	9	10	11	12	Totals
Sept., 1943	128	134	160	167	136	149	874
Sept., 1944	142	145	196	152	158	114	907

FIVE-YEAR COMPARISON TABLE

Year	Enrollment	% Boys	% Left School	% Att.	No. Tard. Per Pupil	Pupils per Teacher
'39-'40	665	50 (49.4)	6 (8.9)	95.7 (96)	.8 (1.0)	28 (21.8)
'40-'41	714	46 (48.4)	14 (11.4)	94.6 (95.2)	1.0 (1.1)	30 (21.0)
'41-'42	682	47 (48.4)	17 (12.3)	93.8 (95.1)	1.5 (1.1)	28 (19.7)
'42-'43	643	47 (47.4)	16 (15.7)	91.9 (93.4)	2.7 (1.4)	22 (20.2)
'43-'44	605	46.7 (46.6)	11 (12.5)	93.1 (93.5)	2.9 (1.5)	26 (20.0)

(State averages are in the parentheses)

The trends in Spaulding are the same as those throughout the State. Fewer boys are in school; the great exodus took place in 1941 and 1942 and has since tapered to eleven percent boys and girls leaving.

Our percent of attendance is getting better, nearing the state average, but our tardiness record is very poor, 2.9 tardinesses per pupil last year, as compared with a state average of 1.5. Some of this tardiness is due to the buses arriving late, but this is not all. Many pupils living right in the city have been tardy seven and eight times each. Greater cooperation is needed between parents, pupils, and teachers in order to reduce this number.

The enrollment by classes and subjects is shown below.

	9	10	11	12	Totals
English	197	153	158	114	622
Physical Education	197	153	150	110	612
Social Sciences	120	25	132	142	414
Mathematics	154	104	29	31	318
Commerce	60	147	61	29	297
Languages	87	112	56	22	277
Sciences	83	45	77	32	237
Vocational Shop	76	50	30	16	172
Home Economics	37	29	34	27	127
Art	31	18	11	8	68

To this table may be added the junior high group of 287 all taking the same subjects: English, Mathematics, Social Science, Health and Science, Manual Training or Home Economics, Music, Art, and Physical Education.

The State Department of Education publishes a report each year showing the various classes with the numbers in each, but because of the reduced numbers in high schools now a comparison is not possible.

TEACHERS

We have an excellent corps of teachers who give unstintingly of their time for any activity needed. You will see by the above table (first page) that their per pupil load is greater than the state average and that even though we are managing to proceed without our other teacher, we will do much better when he can be obtained.

In our teachers' meetings this year we completed our study of a philosophy for Spaulding High and have adopted the following:

"Our philosophy for Spaulding High School is to give to every child an opportunity to develop to his fullest capacity his mental, physical, and spiritual well-being. Also, to give him training in our democratic way of life, so that on leaving school he may be able to adjust himself to society and become one of the respected citizens of the community and the nation.

"Spaulding High School is rich in facilities for accomplishing the above, and with an excellent system of guidance this should be realized."

At the present time the teaching staff is continuing a study of Spaulding High School with the aid of a plan known as "Evaluative Criteria." The study includes the following topics: Curriculum and Courses of Study, Pupil Activity Program, Library Service, Guidance Service, Instruction, Outcomes of the Educational Program, School Staff, Plant, and Administration. Such a study should produce some valuable results for the staff, the pupils, and the community.

Again this year we are having some practice teachers from the University of New Hampshire in the departments of Home Economics and Physical Education.

EXTRA-CURRICULAR ACTIVITIES

Our extra-curricular activities include the four major sports, football, basketball, baseball, and track, in charge of Athletic Director Walter Mirey. He has been assisted by Assistant Coach Lawrence Gates and Wilbur Fay, Benjamin Mooney and Theodore Lylis. The intra-mural sports are in charge of Physical Education Director John F. McGrail assisted by Miss Virginia Gardner. The school magazine, the *Red and White*, has been in charge of Mrs. Irene Wight and Miss Edith Kelley. The

band and orchestra have been under the direction of Mr. Everett Firth; the Glee Club has been directed by Miss Doris Johnson.

Our activities also include the following clubs listed with their sponsors.

Book Club and Press Club,	Mrs. Mabelle Coleman
Projection Club,	Mr. Harold Hanson
Boy Scout Merit Badges,	Mr. Benjamin Mooney
Dramatic Club,	Miss Marion Dow
Tri-Hi-Y	Miss Helen Foss
Junior Tri-Hi-Y,	Mrs. Eva Stevenson
Hi-Y,	Mr. Walter Mirey
Torch Club,	Mr. George Hirst
We-Too-Tri-Hi-Y,	Miss Barbara French, Miss Patricia Halliday
Senior Class Advisers,	Miss Edith Kelley, Mr. Theodore Ayer
Junior Class Advisers,	
	Mrs. George Springfield, Miss Frances Bailey
Sophomore Class Adviser,	Miss Helen Foss
Freshman Class Advisers,	
	Mr. Wilfred Creteau, Miss Violet Davis

Many of the advantages of a high school career are obtained by participation in extra-curricular activities. These activities could not be carried on successfully without the whole-hearted support of the teachers concerned.

STUDENT ACTIVITY ASSOCIATION

The elected members of this association meet each week with Submaster Harold Hanson. Although the control of the finances is their main objective, they are beginning to take a greater interest in all phases of school activity. This is most encouraging.

It should be noted and publicized that the association has received the \$1,760.50 voted them by the School Board to pay for the bleachers on the football field. This is very much appreciated. A financial statement of the association is appended.

BUILDING AND EQUIPMENT

The building is being kept neat and clean by the daily attention of the janitors who have been handicapped this year by shorthandedness due to illness. This building is being used by about one thousand people each day and necessarily shows wear from this use. This is evidenced largely by the wearing of stair treads and steps. The heavy snow and ice condition has caused several leaks through the roofs this year.

CAFETERIA

Under the management of Mrs. Gertrude McClintock the cafeteria has been serving a balanced hot plate lunch with sandwiches, fruit drinks, milk, and desserts available. While the price of the hot plate was reduced to thirteen cents including milk, our daily receipts have remained approximately the same as last year, indicating a greater patronage.

We are installing a walk-in refrigerator in the storage room below the cafeteria. This will enable us to store foods in larger quantities than at present.

A financial statement of the cafeteria for the year 1943-44 is appended.

PHYSICAL EDUCATION

Our Physical Education Director John McGrail has plans for intra-mural contests which should include many boys and girls thus giving a large percentage of the student body an opportunity for group and team play.

Every boy and girl, unless excused, is taking physical education twice a week. These classes are very worth while.

The laundry work connected with the towel service is quite a problem as well as an expense. We have had some discussions as to the necessity of charging for towels in order to insure clean towels for everyone daily. At the present time we are using about four hundred towels a day. Wear and tear is considerable. Replacements, a necessity. With our dryer out of order due to the failure of the motor, we are having more difficulty than usual to provide towels. War-time repair service is very slow.

SCHOLARSHIP

We are attempting to maintain good scholarship standards. Work is being adapted to student needs in many classes by means of unit assignments thus taking into account individual differences in ability and interest.

Our latest honor roll shows a tabulation as follows:

Class	85-90	90-100	Total	% of Class
Seniors,	21	16	37	32
Juniors,	26	22	48	30
Sophomores,	32	13	45	29
Freshmen,	28	16	44	22

The higher percentages in the three upper grades is good, but may be just an indication that our school, as most high schools, is somewhat selective and only those pupils stay on to graduate who like school and can do good academic work.

This honor roll group is the one from which most of our college material should be taken. In the last five years we have sent an average of sixteen percent of the graduating class to various colleges.

The past five-year record of our graduates entering post-secondary institutions is as follows:

Year	% going to College	% entering other Educational Institutions
1939-40	17 (17.1)	30 (20)
1940-41	21 (15.7)	27 (16.5)
1941-42	14 (13.3)	25 (14.9)
1942-43	15 (14.4)	19 (12.0)
1943-44	12 (10.7)	24 (11.3)

(State averages are in parentheses)

Other educational institutions include business colleges, hospital training schools and junior colleges. As can be seen from the table, more Spaulding graduates enter all post-secondary institutions than the state average for all schools.

By providing a Guidance Teacher, Miss Helen Foss, we are taking a step in the right direction. We are aiding as many pupils as possible to select the right courses to help them prepare for the vocation they may have chosen. One teacher, assigned to this work for two periods a day, can accomplish a limited amount. As the value of this work is proved, more time should be scheduled in the program.

ADMINISTRATION

Submaster Harold Hanson is Attendance Officer replacing Mr. Russell Heath. Office practice girls render valuable service as assistants in recording absence and tardiness, as telephone operators, in filing, in checking cards, and in numerous other duties. We feel that they are learning how to do office work as well as filling a distinct need.

Teachers are on early morning duty to supervise early arrivals and also on noon duty to supervise corridors, auditorium, gymnasium, and the cafeteria.

Each teacher remains in her classroom until 2:55 P. M. to give assistance to pupils desiring or requiring it.

The return to the single year plan (as opposed to the semester plan), as voted by the School Board, was made without any difficulty and we feel with an improvement in the operation of the school.

We are beginning to lose many pupils who desire the Navy in preference to the Army and who, therefore, feel that they must join before being drafted. This is a decision that they alone can make. In view of the possible continuance of this condition, I should like to include in my report the School Board rules which pertain in this case.

H. S. SENIORS LEAVING SCHOOL TO ENTER ARMED
FORCES, JANUARY 14, 1943

1. Seniors in good standing who leave school to enter service with the armed forces at any time after mid-year shall receive a diploma at the graduation exercises in June. .
2. That diploma shall be plainly marked as a "War Emergency Diploma."
3. Seniors receiving such a diploma shall also be given a transcript of their school record showing exactly what credits were earned at the time of withdrawal from the school.
4. Seniors who leave school before mid-year as well as lower classmen who enter military or naval service shall receive an "Honor Certificate" with a transcript as specified above.
5. Withdrawal from school for reasons other than service in the armed forces shall not entitle any person to the above awards.
6. Seniors may be granted a diploma when and if the Rochester School Department is furnished a certificate of satisfactory completion of first semester work in the college which said seniors enter at or after mid-year.

We feel that we are assisting boys and girls to be better citizens as well as possible future soldiers, and, therefore, urge them to stay in school as long as possible. For those who have left and who have taken studies in the armed services we have already given scholastic credit when such was requested through the United States Armed Forces Institute. This plan makes it possible for some to receive a full diploma in due time.

In concluding this report I should like to express appreciation to you and the School Board for the excellent spirit of cooperation which is in evidence. I wish that I might convey our appreciation to the parents, too, for the many evidences of trust and helpfulness that have been shown us this past year. Everyone has certainly helped to make teaching in Spaulding High School a pleasure.

Respectfully yours,

JOHN M. COTTON,
Headmaster.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

I herewith submit my report as School Nurse for the year of 1944.

The health program during the past year in the primary schools consisted of regular visits to the various grades. These visits provide the teacher with an opportunity to discuss the pupils' health problems. These problems are investigated and corrected as far as possible. The children were weighed and measured in September, February, and June. Losses and excessive gains in weight were checked and reported to the parents for correction. Physical inspections and vision tests were given. Frequent hair inspections were made for the control of pediculi. Complete physical examinations of all pupils of grades one and four were made by Dr. N. K. Chesley. The parents have been very cooperative in having the reported defects corrected.

Due to the large enrollment and the class schedule at the high school it is difficult to carry on an extensive health program. The work consists of the control of communicable diseases, physical inspections and vision tests. Dr. N. K. Chesley examined the students of grades seven, nine, eleven, and twelve in 1944.

A Tuberculin Skin Testing Clinic, under the direction of Dr. Robert Kerr of the New Hampshire Tuberculosis Association, was offered the pupils of grades eleven and twelve. Eighty-five per cent of the students were tested and the reactors were X-rayed. It is gratifying to find out that there were no active cases of tuberculosis in this group.

There were some cases of whooping cough, scarlet fever, and chicken pox during the past year but the percentage of children affected was quite low. The common cold caused a large number of absences during the spring of 1944. It is my opinion that it would be wise to exclude children from school who have symptoms of cold. This has been done in a number of cases this school year and I feel that it has proved worth while.

The Dental Clinic has been in operation this year. The dentists agreed to work the equivalent of one-half day to correct the dental defects of a selected group of children. A committee consisting of C. E. Goodwin, Violet Bliskey, R. N., and myself decided on the eligible children.

Six Orthopedic Diagnostic Clinics were held at the Frisbie Memorial Hospital under the direction of Miss Anne Lally, R.N., Orthopedic Nurse Consultant, of the State Board of Health. The child is examined and treatment is recommended by Drs. Jones and Friborg of Manchester. The Orthopedic Physiotherapy Clinic is held at the Spaulding High School twice a month and the treatments advised at the diagnostic clinic are carried out.

At this time I would like to express my appreciation in behalf of the children of Rochester to the local charitable organizations and the Red Cross Motor Corps for their many kindnesses.

I want, Mr. Rand, to thank you and the teachers for the cooperation I have received during the year of 1944.

Respectfully submitted,

NORA C. SCAHILL, R. N.,
School Nurse.

NO SCHOOL SIGNAL

Twenty-two repeated once will be the signal for no school. When sounded at 7:05 all schools will be closed for the day. When sounded at 11:15 pupils will be dismissed at the usual morning closing hour for the rest of the day. The same signals will be sounded at Gonic and at East Rochester and, in the morning only, at the Spaulding Fibre Company, North Rochester.

IN MEMORIAM

Lewis L. Montrone, on leave of absence for the duration, died in the line of duty November 6, 1944, while serving in the United States Navy. He was a member of the Spaulding High School faculty from September, 1938, to October 21, 1942.

Yvonne Plourde, November 19, 1944. Gonic School, Grade 6. Born January 23, 1931.

Harry Hoyt, December 16, 1944. Age 56 years, 10 months. Served as janitor of the high school from September, 1933, to June 30, 1944.

INAUGURAL ADDRESS

by Mayor C. Wesley Lyons

Gentlemen of the Council:

We stand at the threshold of a new year.

The inauguration of a new City Government marks an important event in the life of a municipality, even in normal times. In times like the present, when momentous issues are at stake, and our nation is fighting for its very life, and for the preservation of those principles on which it was founded, and the adherence to which has caused it to grow to its present preeminent position of leadership among the nations of the world, the inauguration of a new City Government is of much more than ordinary significance.

We look with pride to the accomplishments of the past. Rochester is in an enviable position as regards its financial standing.

This is due to the careful administration of its affairs by past Mayors and City Councils; and to the sound policy, adhered to in the immediate past, of conserving its assets to prepare for the inevitable expense of readjustments, which must follow the successful termination of the present terrible conflicts, and in which expense Rochester must be prepared to do its share to the utmost.

With no City Net Indebtedness, aside from its Water Construction Notes, which are paid from revenues of the Water Department and have no bearing on the tax rate, I am sure Rochester will be in a position to fulfill its obligation in this respect.

We, as a City, and particularly as a Council elected to manage the City affairs for the next twelve months, have many duties and responsibilities, such as those relating to good roads and highways; providing every educational opportunity for the boys and girls of the community which the City can reasonably afford; protecting the life and property of its citizens; and caring for the needy and aged among us who need our help. Added to these ordinary and necessary activities there will be the further responsibility in the months to come, of preparing for Rochester to do its utmost to reestablish in the life of the community those who from now on will be returning in ever increasing numbers to the normal pursuits of life, and who have given so much in the fight to preserve our nation and all civilization.

Gentlemen, I ask that in all your deliberations during this year, you always have in mind what effect any proposed course

of action will have upon this issue, which I deem to be paramount at this time, that of giving practical and substantial aid to reestablishing our returning veterans in the normal life of the community when that time shall come.

Detailed estimates of the anticipated needs of the several departments for the current year will be presented for your consideration at a later date, when the Finance Committee, in accordance with the requirements of the City Ordinances, shall submit the annual budget for your action.

Gentlemen, with your cooperation, of which I am sure; with the constructive suggestions which we shall receive from time to time from the Planning Board, and our consideration of their six-year program which has been presented to us; with the fine plans that are being developed by the Post-War Committee for aiding the veterans as they return from their service in the armed forces; and with cooperation from all the citizens of this City, I am sure Rochester can look to the future unafraid, confident of the ultimate triumph of right and justice, and the survival of our democratic way of life.

CITY GOVERNMENT

AS ORGANIZED JANUARY 1, 1945

Mayor, C. WESLEY LYONS

COUNCILMEN

- Ward One*—Jesse C. Simonds, Ralph C. Sinclair, Merl T. Wentworth.
Ward Two—Freeman V. Parshley, Maurice A. Jones, Frederick Maxfield.
Ward Three—Arthur E. Cassidy, George A. Lachapelle, John J. Hurley.
